RE: DISPUTE BETWEEN LENHOFF & LENHOFF AND UTA

Dear Michael,

Regarding the dispute between our companies, I've had a chance to huddle with my people and we are willing to take the view that this was a simple misunderstanding/mistake on the part of UTA, Ryan Tracey and others within the firm. Towards that end, we are willing to walk away at this time by your simply agreeing to cease contacting my clients. In that regard, a simple e-mail will do.

However, be assured our extension of this olive branch is not, nor shall not be construed as a sign of reluctance to litigate on the basis of UTA's systematic ongoing interference with both our contractual rights and business relations. If necessary we will pursue all actual damages plus punitive damages against both the company and all individuals we deem responsible.

Anyhoo, attached is a list of all my clients. Furthermore, I will be sending you my updated client list on a monthly basis so there will be absolutely no misunderstanding as to my existing relationships. This should serve to prevent future disruptions of my business.

Please reply...

Sincerely,

Charles Lenhoff
