EXHIBIT C

RIDER "D"
TO AGENCY CONTRACT BETWEEN

and

(Referred to herein as "Director")

(Referred to herein as "Agent")

APPROVED BY DIRECTORS GUILD OF AMERICA, INC.

The provisions of this Rider "D" are applicable only to agency contracts covering the rendition of services of a member of the Directors Guild of America, Inc. (referred to herein as "DGA"), as a Director in the motion picture and television industry. In case of conflict between the agency contract and the provisions of this Rider "D" and the Agreement between the Association of Talent Agents ("ATA") and Directors Guild of America of **January 1, 1977 (as restated January 1, 2004)**, the conflict shall be resolved in favor of those provisions more favorable to the member. It is, however, understood that nothing in this Rider "D" shall prevent any DGA member from negotiating with and obtaining from the agent better conditions and/or terms than those provided herein.

1. **MAXIMUM COMMISSION:**

No Director may pay commission in excess of 10% to all Agents with respect to any engagement unless prior agreement of DGA is obtained.

Agent will not be entitled to collect any commission which reduces the Director's payment below minimum with respect to television residuals or payments on account of television use of feature motion pictures or use of such films by means of cassettes or paid television or the like.

2. **CONTINUITY OF MANAGEMENT:**

The name or names of at least one and not more than four persons active in the business of the Agent must be inserted herein, as provided in A, B or C below, otherwise this agreement shall not be valid.

A. The large agencies, International Creative Management, William Morris Agency, and other agencies approved by DGA in this classification, may name two persons and Director may name two persons for a total of four. Only one of the two named by the Agency may be an administrative or executive employee of the Agency, and the death, discharge, or unavailability of any three will give the Director the right to terminate.

B. Agencies employing more than three agents but not in the classification provided for in subparagraph A of this paragraph 2 may list two persons, one designated by the Director, one by Agency. The death, discharge or unavailability of both persons will give the Director the right to terminate.

C. Agencies employing three agents or less --- Agent shall choose one person and Director may, if he wishes, appoint one person to be named. If the person designated by the Agency leaves or is unavailable, the Director may terminate.

Each name inserted by a Director pursuant to the above provisions shall be selected after reasonable advice from and consultation with the Agent to determine the availability and suitability of the person named by the Director. It shall not be deemed a violation of these Regulations if there is a bona fide dispute as to the availability or suitability of the Agent or Agents selected by the Director. Further, absent such dispute, in the event a Director fails to insert a name or names as herein above provided after having the opportunity to do so, the Agent may fill in the name or names for the Director.

In all cases, if the person or persons nominated by Director leaves the Agency, the Director may nominate a replacement and if a person or persons nominated by the Agency leaves the Agency, the Agency may nominate a replacement. The Director shall be notified by Agent where (1) a person named leaves the Agency or is unavailable other than for illness, (2) a named person is transferred to another office or agency, or (3) a named person is given a 6 months leave of absence.

Upon the happening of an event giving Director a right of termination as provided in A., B., or C. above, Agent shall notify promptly the Director in writing of his right to terminate. In said notice Agent may name a person or persons in substitution of a person or persons previously nominated by Agent who shall be deemed named in this paragraph if the Director does not elect to terminate hereunder. Upon receipt of such notice from the Agent, the Director may elect to terminate the employment of the Agent hereunder by notice in writing to that effect to be given no later than fifteen (15) days after receipt by Director of such notice from Agent.

Failure of the Director to exercise the right to terminate within the time provided shall be deemed a waiver of such right and the agency contract shall continue in full force and effect with the persons named in the notice from the Agent deemed substituted in the place of the persons who have become inactive.

3. **90 DAY CLAUSE:**

If during any period of ninety (90) consecutive days immediately preceding the giving of notice of termination herein described, the Director (1) fails to be employed or (2) fails to receive a bona fide offer then either Director or Agent may terminate the employment of Agent hereunder by giving written notice of termination to the other party, subject to the following terms and provisions:

A. Periods of layoff, suspension or leave of absence under any contract under which the Director is employed shall be deemed to be periods of employment.

B. In computing said period of ninety (90) consecutive days there shall be excluded any period or periods (1) during which the Director is engaged in a field in the entertainment industry in which the Director is not represented by the Agent or (2) during which the Director is not ready, able, willing and available to render his services. The Director's refusal unreasonably to be available for interviews may be evidence of his not being available to render services.

C. Actual employment of or contracts or bona fide offers for the employment of the Director in any field whatever in which the Director is represented by the Agent shall be deemed to be employment. If the Director has been employed or has had contracts or bona fide offers for employment in any field in which Director is represented by Agent the Director may not terminate so long as Director is entitled to an amount equal to his last compensation at a pro rata equivalent to 3 weeks of services.

D. If the Director is represented by the Agent in connection with the sale, lease, license or other disposition of literary material or package shows and the Director receives or is entitled to receive guaranteed compensation for the sale, lease, license or other disposition of literary material or package shows during the period of ninety (90) days in question, the Director may not terminate.

E. The Director may not exercise the right of termination, if at the time he attempts to do so, he is under a written contract or contracts which guarantee the Director employment as a Director in the motion picture industry for a period of time during a period of one hundred eighty (180) days immediately after the expiration of the ninety (90) day period in question, which employment when added to the number of days the Director has

been employed as a Director in the motion picture industry during the period of ninety (90) days in question shall equal nine (9) weeks' employment.

F. If prior to the expiration of the aforementioned ninety (90) day period Agent shall obtain for the Director and the Director shall accept a contract or contracts for the rendition of Director's services in any field in which the Agent represents the Director during the one hundred eighty (180) days next following the expiration of such ninety (90) day period, and if the total guaranteed compensation payable to the Director during such one hundred eighty (180) day period under such contract or contracts shall be \$45,000 or more, the Director shall not have the right to terminate hereunder.

G. An offer shall be deemed "bona fide" hereunder if the terms are consistent with those presented to Directors of similar stature and experience for similar assignments or if the terms approximate terms accepted by the Director for similar assignments within the previous year. An offer of employment for services in fields not within the jurisdiction of DGA shall not be deemed bona fide if such offer is at a compensation rate less than the applicable minimum salary prescribed by DGA in the then current industry wide DGA collective bargaining agreement. The foregoing is not to be construed, however, as meaning that an offer in a non-DGA field at DGA applicable minimum salary necessarily constitutes a bona fide offer, it being understood that the determination of whether any such offer is bona fide depends upon a consideration of all the relevant facts and circumstances pertaining to and existing at the time the offer is made.

4. **COMMISSION UPON TERMINATION OR EXPIRATION:**

A. Agency which is terminated by a Director having a right to do so after expiration can continue to collect commissions on deals entered into or substantially negotiated prior to such termination or expiration but not on improvements negotiated after such termination. In no event will the terminated agency be entitled to receive commissions in excess of the amount that would have been paid under the contract as negotiated at the time of termination but this provision shall not apply to agency agreements wrongfully terminated. If the new Agent shall renegotiate such existing contract, he shall be entitled to commission on any excess in amount of such contract.

B. Agency shall be entitled to commission on direct or indirect renewals, substitutions, replacements, extensions or modifications of contracts referred to in A above except as specifically provided herein.

C. The Agent is obligated unless specifically otherwise requested by the Director to service the Director hereunder but only with respect to such contracts.

5. **NO DOUBLE COMMISSIONS:**

A. If, during the term of an agency contract between an Agent and a producer or an owner of motion pictures or television programs (referred to herein as "owner-client") under which the Agent is engaged by the owner-client as the owner-client's package agent for a particular photoplay or series of photoplays, a Director is employed as a Director in connection with any such photoplay or television series as to which Agent is paid as package agent and the Director's said employment is covered by an agency contract between the Director and the Agent then:

(1) The Agent may not charge or collect any commission whatsoever on the compensation which the Director receives from said owner-client for the Director's said employment in connection with any such photoplay;

(2) Prior to consummating any agreement between the Director and such owner-client the Agent shall notify the Director of the Agent's relationship with such owner-client; and

(3) The Director may, at his election, seek independent counsel or the advice of the DGA prior to entering into a contract with such owner-client.

B. If a Director is employed as a Director in connection with a photoplay which photoplay, at the time the Director is so employed, will, as and when produced, be owned by the Agent and said employment is covered by an agency contract between the Director and the Agent then the Agent's obligation to the Director with

respect to such photoplay shall be the same as that recited in subparagraph A. above with respect to the Director's employment in connection with a photoplay owned by an owner-client and the Director shall be entitled to the same benefits set forth in subdivisions (1), (2) and (3) of said subparagraph A.

C. If the Agent is interested as a stockholder or similar security holder, profit sharer, or otherwise in corporations or enterprises engaged in the production of motion pictures and television programs, and a Director is employed as a Director in connection with a photoplay owned or produced by any such corporation or enterprise and the Director's said employment is covered by an agency contract between the Director and the Agent then the Agent's obligation to the Director with respect to such photoplay shall be the same as that recited in subparagraph A. above with respect to Director's employment in connection with a photoplay owned by an owner-client and the Director shall be entitled to the same benefits set forth in subdivisions (1), (2) and (3) of said subparagraph A provided, however, that the Director shall not be entitled to the benefits set forth in said subdivisions (1), (2) and (3) under the following circumstances:

(a) If the interest of the Agent is represented by the ownership of securities which are traded on any stock exchange;

(b) If the interest of the Agent constitutes an ownership in such corporation or enterprise, or in the profits or proceeds thereof, acquired by the Agent as commissions for the representation of such corporation or enterprise (other than set forth in subparagraph A above) in connection with the corporation's or enterprise's activities and such interest does not exceed in the aggregate ten per cent (10%) of such ownership interest, as the case may be;

(c) If the interest of the Agent in such corporation or enterprise is acquired from one or more clients of such Agent or as a nominee of such client or clients and such interest does not exceed in the aggregate ten per cent (10%) of the total amount owned by such client or clients of the Agent in such corporation or enterprise.

The provisions of this Paragraph 5 shall not be applicable in any respect to the distribution activities of an Agent who may engage in the distribution of motion pictures and television programs. The term "distribution" as used in the preceding sentence means the same or substantially the same relationship now in existence between a distributor and a producer or owner of photoplays for the sale, lease, license or rental of such photoplays by the distributor in the television and/or theatrical motion picture industries.

6. **BARRING:**

Director and Agent recognize that Agent in the pursuance of Agent's duties may be barred from doing business with certain employers. Such barring shall not be grounds for termination hereof by the Director. If the Agent is barred, then upon request of the Director, the Agent will submit to Director the name of a subscribing agent comparable in standing to the Agent who will act as substitute agent with the employer who has barred the Agent during the period the Agent is barred. The Director may object to the proposed substitute agent in which event the Agent will submit the name of a second proposed substitute agent comparable in standing to the Agent to whom the Director may also object. If the Director objects to the second substitute agent the Agent agrees to submit the name of a proposed third substitute agent. If the Director objects to the proposed third agent then Agent may:

A. Submit other proposed substitute agents until a substitute agent acceptable to Director is obtained or;

B. Submit the dispute regarding any rejected proposed substitute agent to arbitration in accordance with the provisions in Paragraph 7 hereof. If any arbitration decision rejects a proposed substitute agent then either of the procedures referred to in A. and B. shall be repeated until an acceptable substitute agent is obtained.

The Agent agrees to act in good faith in naming proposed substitute agents and the Director agrees to act in good faith in making any objections.

7. **ARBITRATION:**

All disputes and controversies of every kind and nature whatsoever (whether arising from assertion of fraud, mistake, or on account of any other alleged defect in the inception of this contract or from any source at all or arising prior to or after the termination or expiration of this contract) between the Director and the Agent arising out of or in connection with this contract as to the existence of this contract, its validity, construction, performance, nonperformance, operation, breach, continuance or termination, shall be submitted to arbitration in accordance with the rules set forth in the Agreement between the ATA and DGA.

ATA and DGA shall from time to time, by agreement designate a person or persons to act as Arbitration Secretary. The Arbitration Secretary shall formulate the rules of procedure to govern arbitrations hereunder, which rules shall be subject to the joint approval of DGA and ATA. Such rules may be amended and changed from time to time with the joint consent of DGA and ATA.

With respect to agency contracts entered in the State of California, the arbitration shall be pursuant to Section 1700.45 of the Labor Code of the State of California. The Arbitration Secretary shall give the Labor Commissioner reasonable notice of the time and place of all arbitration hearings, and the Labor Commissioner or his authorized representative shall have the right to attend all arbitration hearings. Section 1700.44 of the Labor Code shall not govern controversies hereunder.

8. **ASSIGNABILITY:**

The agency contract may not be transferred or assigned by Agent without the consent in writing of the Director, except as follows:

A. If the Agent is an individual, the contract may be transferred to a corporation, which corporation must assume and agree to be bound by the agency contract within thirty (30) days after such transfer.

B. If the Agent is an individual who becomes a member of a partnership the contract may be transferred to such partnership, which must assume and agree to be bound by the agency contract within thirty (30) days after such transfer.

C. If the Agent is a partnership which transfers the business to a corporation the agency contract may be transferred to such corporation which must assume and agree to be bound by the agency contract within thirty (30) days after the transfer.

D. If the Agent is a corporation and the corporation is liquidated the contract may be transferred as an asset in liquidation to the stockholders, and the dissolution of the corporation shall not terminate the agency contract provided that the majority of the stockholders receiving the contract in liquidation assume and agree to be bound by the agency contract within thirty (30) days after transfer.

E. If the Agent is a partnership and one or more of the partners dies or withdraws or the partnership is for any other reason dissolved, the agency contract shall not be terminated provided the surviving partners or one of them assumes and agrees to be bound by the agency contract within thirty (30) days after the death or withdrawal of the partner or the dissolution of the partnership.

F. Subject to the applicable provisions of subparagraphs G. and H. of this paragraph, Agent may assign the agency contract to any corporation or enterprise with which agent may be merged or consolidated or to any parent, affiliated or subsidiary company or to any person, firm or corporation which may acquire all or substantially all of Agent's assets, provided the assignee assumes and agrees to be bound by the agency contract within thirty (30) days after any such assignment.

G. The Director shall have the right to terminate the agency agreement if there is a merger by reason of which Director's present agency is merged with an agency which Director has discharged. Such right shall expire sixty (60) days following notice to Director, with copy to DGA, of such merger.

H. Director shall also have the right to terminate if he is with an agency which merges with a larger agency (as defined in Paragraph 2 A. hereof). Such right shall be exercised within the sixty (60) day period following notice to Director, with copy to DGA, of such merger.

During any thirty (30) day period referred to in subparagraphs A. through F. above, the Director shall be entitled to substantially the same general type of agency services received by him prior to the commencement of such thirty (30) day period, and any such assignment shall not affect in any manner any of the rights granted to Director pursuant to the provisions of Paragraph 2 hereof. Upon any assignee of the agency contract assuming and agreeing to be bound thereby, a novation shall result unless the Director shall have exercised his right to terminate and the assignor agent shall be released from all of his obligations thereunder.

The transfer of stock ownership in a corporate agent, whether voluntary or involuntary, shall not be deemed an assignment of the agency contract by the Agent and such transfer of ownership shall not affect the validity of agency contracts with such corporate agent.

9. **ACCOUNTING:**

Agent shall not collect monies belonging to Director unless the Agent has first obtained from Director a written revocable instrument, separate from this rider and the agency contract to which it is attached, authorizing Agent to do so. All monies belonging to the Director when received by the Agent shall be faithfully accounted for by the Agent and promptly paid over within five (5) business days after receipt from employer to the Director or as directed by the Director in a writing separate from the agency contract. Monies belonging to the Director shall not be commingled with monies belonging to the Agent, but shall be segregated and kept in separate accounts which may be known as "clients' account" or "trust account" or an account similar in nature. The Agent may have one or more of such accounts and may commingle monies of other clients with the monies of the Director in such accounts.

10. **SETTLEMENT OF DIRECTOR'S EMPLOYMENT CONTRACT:**

Any monies or other consideration received by the Director, or by anyone on his behalf, in connection with any termination of any employment or contract of employment of the Director upon which the Agent would otherwise be entitled to receive commission, or in connection with the settlement of any such employment or contract of employment, or any litigation arising out of any such employment or contract of employment, shall also be monies in connection with which the Agent is entitled to the aforesaid percentage; provided, however, the Director shall be entitled to deduct attorney's fees, audit costs to determine accuracy of accounting, expenses and court costs before computing the amount upon which the Agent is entitled to his percentage.

11. **LENDING (LOAN OUT) CORPORATION:**

The scope of Rider "D" shall encompass the services of agents to corporations which lend the services of members of DGA. Such representation shall be subject to the same limits and carried out under all of the same conditions as a representation of members of DGA directly.

12. **DEFINITIONS:**

A. Directors Guild of America, Inc. is a California corporation whose membership is composed of persons engaged in the profession of directing or rendering services as Directors or Assistant Directors in the motion picture and television industry.

B. Association of Talent Agents is a California corporation whose membership consists of persons engaged in the business of acting as artists' talent agents for various persons including, but not limited to, Directors.

C. If the party contracting with Agent in the attached agency contract is described therein as "artist" then, insofar as the provisions of this rider apply to said agency contract the term "artist" as used in said agency contract is referred to in this rider as the "Director". If in the attached agency contract the parties are identified in the first and second persons then, insofar as the provisions of this rider apply to said agency contract, the first person shall mean the Director and the second person shall mean the Agent.

D. The word "Agent," as used herein and in the agency contract to which this rider is attached, means "Talent Agency" as defined in Section 1700.4 of the Labor Code of the State of California.

E. A "signatory agent" is an Agent who agrees with DGA to make this Rider "D" applicable to agency contracts with members of DGA.

F. "Minimum provisions" is defined to mean the provisions set forth in this Rider "D" dealing with the specific subject matters therein set forth. Rider "D" is not intended to and does not affect any provisions of the agency contract relating to subject matters other than those set forth in Rider "D".

G. The phrase "motion picture industry" or "motion picture and television industry," for the purpose hereof shall mean the production of all types of motion pictures on film, tape or any other medium of any gauge or size or type in connection with which a Director renders services as an employee within the jurisdiction of the Directors Guild of America, Inc. ("DGA"), whether such motion pictures are produced primarily for distribution and exhibition by means of television (paid or free) or in theaters, or exhibition by other devices now known or yet to be devised so long as DGA continues to remain the sole collective bargaining agent for such directorial services.

The Director and Agent hereby agree to the foregoing.

Agent

Director

Dated

THIS AGENT IS LICENSED BY THE LABOR COMMISSIONER OF THE STATE OF CALIFORNIA

This rider to an agency contract has been approved as to form by the Labor Commissioner of the State of California on MAY 1, 1978. This rider has been approved as to form and contents by the Directors Guild of America, Inc.
